WELCOME TO THE FUTURE...

Where humanity is under constant attack from a brutal alien threat.

The Komplex spreads through the galaxy and growing stronger with each system they conquer, each species they defeat and assimilate. And now they are here.

To defeat them, humanity relies on an elite team, the Forge, who pilots an armada of spacecraft known as Snap Ships. Fast attack craft, armored bombers and so much more, the Snap Ships are designed to be modular to build the perfect ships for battle.

And these Snap Ships are the last shot they have at stopping the Komplex.
